

FW: Robert Meyers Associates represents Behlman in Tri-state areas.

Behlman Power Solutions *If it's a question of power, Behlman has the answers.* April 2012

Behlman Representative

Behlman Electronics Inc. is very pleased to announce that the professional sales engineers of Robert Meyers Associates are our sales engineering representatives in the Tri-State areas of Eastern Pennsylvania, New Jersey and Delaware. RMA has been providing technical support to their customers for over forty years with timely answers to complex problems.

For immediate assistance for your frequency conversion, AC power and COTS power requirements, please call RMA at (215) 498-0474 or visit their website at www.rma-kte.com

Behlman manufactures and sells high quality standard, modified standard, custom and COTS power solutions, including AC power supplies, frequency converters, inverters, DC-DC, AC-DC, DC-AC, and uninterruptible power supplies. Behlman offers a diverse line of products to meet the needs of production test (ATE); aerospace and avionics; gas and oil exploration; railroad; utility/telecom, and more. Behlman MIL-Standards compliant products support ground based, mobile, shipboard and airborne systems in some of the most extreme environments worldwide.

AC Power Sources/Frequency Converters

Behlman's BL Series AC Power Sources supply clean, regulated AC power in a ruggedly built, highly reliable, compact design at competitive prices. The BL Series is available with either single or three-phase output in a wide range of power from 1KVA to 120KVA.
