

Typical AC Power Voltages

USA:

Single Phase:	120Vac, 60Hz	{maybe called 110 or 115}
240 Single phase (Split phase):	240Vac, 60Hz	{maybe called 220 or 230}
Three Phase WYE:	120/208Vac, 60Hz	{maybe called 115/200}
Three Phase WYE:	277/480Vac, 60Hz	
Three Phase Delta:	480Vac, 60Hz	No Neutral
Three Phase Delta:	240Vac, 60Hz	No Neutral

International:

Three Phase WYE:	346/600Vac 60Hz	Canada
Single Phase:	220Vac 50Hz	Europe
Three Phase WYE:	220/380Vac 50Hz	Europe (Old)
Three Phase WYE:	230/400Vac 50Hz	Europe (New)
Three Phase WYE:	240/415Vac 50Hz	Europe (UK)
Three Phase Delta:	100/200Vac 50 / 60Hz	Japan

Aircraft:

Three Phase WYE:	115/200Vac 400Hz
------------------	------------------

Shipboard:

Three Phase WYE:	115/200Vac 60Hz	
Three Phase Delta:	115Vac 60Hz	No Neutral

In addition, Aircraft power may be found aboard a ship for servicing of aircraft and or aircraft components (115/200Vac, 400Hz).
