

ORBIT INTERNATIONAL'S POWER GROUP RECEIVES NEW ORDER FOR ITS CUSTOM DIVISION VALUED IN EXCESS OF \$730,000

Anticipates Follow-On Orders Once System Qualification Testing is Complete

Hauppauge, New York, August 19, 2009 - Orbit International Corp. (NASDAQ:ORBT), a defense electronics manufacturer, systems integrator and software solution provider, today announced that its Power Group, Behlman Electronics, Inc. ("Behlman") has received a new order valued in excess of \$730,000. Deliveries under this contract are expected to commence in the fourth quarter of 2009 and continue through the second quarter of 2010.

The order is for a modified COTS power unit to support the upgrade of a computer system on a major ongoing missile defense program. Behlman expects to receive additional orders for these units once the upgrade system qualification testing is completed by its customer.

Mark Tublisky, President of Behlman, stated, "Our extensive experience in providing modified COTS power solutions has opened new markets and drives our revenue growth. In addition to strong business activity for our modified COTS products, we are beginning to see an increase in our commercial business which had been adversely affected by weak economic conditions. We are pleased to report that bookings for our commercial division for the month of July reached its highest level for the entire year."

Dennis Sunshine, President and Chief Executive Officer of Orbit International Corp., commented, "Behlman continues to pursue a significant amount of new opportunities for its custom division. Its commitment to being an innovative power solutions provider has led to increased business that resulted in record revenue and bookings for 2008. Behlman entered 2009 with a record backlog and we once again continue to see strong sales, particularly for modified COTS power solutions. With a solid base of business coming from our custom division and increased booking from our commercial division, our Power Group is well positioned for another strong operating year in 2009."

Orbit International Corp. is involved in the manufacture of customized electronic components and subsystems for military and nonmilitary government applications through its production facilities in Hauppauge, New York, and Quakertown, Pennsylvania; and designs and manufactures combat systems and gun weapons systems, provides system integration and integrated logistics support and documentation control at its facilities

in Louisville, Kentucky. Its Behlman Electronics, Inc. subsidiary manufactures and sells high quality commercial power units, AC power sources, frequency converters, uninterruptible power supplies and associated analytical equipment. The Behlman military division designs, manufactures and sells power units and electronic products for measurement and display.
